Lindbergh valley rollover blocks traffic

A Wednesday noon hour rollover on the curve just east of Valley Store at Lindbergh shut down traffic on Highway 646 for approximately an hour. A loaded eastbound water truck caught the edge of the road and when the driver overcorrected, the truck rolled several times. A westbound rig was able to slow down and avoid a collision, and after pulling into the store parking lot, the occupants ran to help, as did a driver who was following the water truck at the time of the crash. They were able to put out a grass fire caused by the truck and helped to stabilize the driver until Elk Point firefighters, ambulance and RCMP arrived. The driver was transported to hospital with non-life-threatening injuries.

Find out tonight at Info Night

By Vicki Brooker
Review Staff

Almost everything you might need to know about services, activities and upcoming events in Elk Point and district will be on display tonight, Tuesday, Sept 3, from 7 to 9 p.m. at Elk Point's annual Information Night in the Elk Point Arts and Leisure Centre, located east of Highway 41 on 56 Ave.

"There are a lot of newcomers in town, and we'd especially like to invite them to Information Night," says Maria Cueva, one of the event's organizers.

No less than 38 exhibitors will fill the centre with information about what they have to offer, from health care to churches, education for everyone from tots to adults, recreation and winter sports – including, for the first time, Pond Hockey, and a range of cultural activities ranging from dance lessons to Elk Point Municipal Library, NEMA and the Elk Point Community Choir. Organizations for young and older that will be represented include both local 4-H clubs, TOPS, the Order of Royal Purple, Elk Point and District Lions and the Greater Lakeland Rural Crime Watch.

The evening also provides an opportunity to register for a variety of activities, from hockey to Ukrainian Dance to Further Education classes.

Agencies on the roster include Alberta Human Services, Alberta Supports, Employ Abilities, Elk Point FCSS, Elk Point and Area Victim Services and the St. Paul and District Crisis Association.

Town council passes borrowing bylaw

By Vicki Brooker
Review Staff

Elk Point town council gave all three readings to its revised borrowing bylaw 722/13 at last week's regular meeting, approving the borrowing of \$2 million for the sanitary sewage treatment system upgrade that is now underway. The loan is at an interest rate not to exceed prime, and a large portion of the loan is to be repaid when \$1.3 million in already approved government funding for the project arrives.

Fundraising opportunity

Various local groups, including Jack and Jill Playschool, are being approached to determine their interest in taking over responsibility for a family magic show featuring popular enter-

tainer John Kaplan which was already in the works when the town's recreation director resigned her position earlier this summer. The event has been postponed until a tentative date of April 30, 2014, and could be a good fundraiser for an interested group.

Recycling

Council discussed a suggestion from a local resident that a recycling shed be located at the Elk Point Transfer Station, but agreed that while such a structure might find new homes for some items, it could also lead to problems.

Coun Ron Fraess "would not like to see this. People could throw damaged goods like ripped sofas in there," and the town would be responsible for their disposal.

"I don't see any reason in the world for this," agreed Coun. Eugene Buck, citing health concerns that could result from such an endeavor, including attracting mice that could carry the Hanta virus in their droppings.

"I don't think it's a good idea either," Coun. Dwayne Yaremkevich said. "It would be more work to patrol it and haul the leftovers to the pit."

Coun. Bernice Capjack noted, "I don't even think there should be a 'take it or leave it' area."

Alberta's Lakeland

Coun. Fraess reported on the recent meeting of the Alberta's Lakeland Destination Marketing Organization (DMO), which he now chairs, and noted that the Iron Horse Trail is moving

ahead with getting prices to stabilize the Beaver River trestle that was damaged by fire. Coun. Yaremkevich, who sits on the Riverland Recreational Trail Society board, said the damage is less than originally feared, and the engineer the group hired will be giving them a design plan and cost estimate for the repairs.

Fraess also said the DMO is developing packages that include promotional material from businesses hoping to attract workers to the area, which could be handed out at numerous trade shows the organization attends.

Information Night

The town will have a booth at information Night, Sept. 3, and most of council agreed they could be on hand for the event.

Entries, attendance up at Hort, Crafts Show

By VICKI BROOKER
Review Staff

Elk Point Agricultural Society's annual Horticulture and Craft Show enjoyed a substantial increase in exhibitors and entries this year, as well as in attendance.

This year's show was enhanced by the return of the quilt show and home business trade show, and the addition of the Elk Point 4-H Multi Club Achievement Day and an art display, all of which brought an increased crowd on viewing day, Sunday, Aug. 11. The planning committee met last week to discuss the outcome of the event, was

encouraged to hear remarks such as, "I didn't know you had this!" and "I think I'll enter next year," from some of the visitors. A group from an Edmonton quilt guild who visited the show were impressed by Elk Point's display, and "there was a lot of good feedback," said committee chair Donna Bassett.

The show had a whopping 38 per cent increase in entrants over 2012, going from 42 to 58, and a healthy five per cent increase in entries, despite the cancellation of the Grains and Hay section and decreases in several other sections. The largest decline was in Fresh Fruit, which is always very

dependent on the weather, with a 29 per cent drop, while both the Seniors' Section and Creative Writing were down 25 per cent and Arts, Crafts and Hobbies, down 10.6 per cent.

Baking made the biggest jump, up 58 per cent, with Flowers close behind at 48 per cent and the always-popular Junior Fair up by 36 per cent to an even 200 entries. The Junior Fair is the largest section of the show, and the organizers agreed the section convener would need more helpers if the trend continues.

The committee went through the prize list section by section and made a number of minor changes, such as in display containers for flowers and the deletion of Lego projects and addition of quilting in the Junior Fair. The group

also agreed that rearrangement of the displays would make for a smoother crowd flow, and that next year, entries will be accepted at the arena's west door rather than in the lobby. It is felt that this will provide easier access for those unloading and hauling in large numbers of entries, and a shorter distance for the show convenors and their helpers to transport the entries indoors. The quilt show will remain at the east end of the arena, but the trade fair will be in the middle and the bench show at the west end. The 4-H Multi Club has indicated they will also be part of the show next year, welcome news to the committee, who hope that even more of the 4-H members will enter some of their creations in the bench show as well.

Town council

(Continued from Front Page)

Chamber turbine

Mayor Parrish Tung reported on a meeting of council as a whole, where he and Couns. Capjack and Fraess met with the resident concerned over noise she feels is coming from the wind turbine at the Eco Centre, and she would like to see the turbine removed or relocated to a different area of town.

The mayor reported that he had forwarded a subsequent email from the resident to the Alberta Utilities Commission (AUC) after that meeting, and also has forwarded it to the Elk Point Chamber of Commerce, which

owns the building and the turbine. "It has to be the chamber's decision," he noted.

"After two and a half year's we're throwing this hot potato back to the chamber," Coun. Buck said. "Why did we deal with it at all? I don't get it."

Coun. Fraess felt "the chamber might get a softer request coming out of Edmonton. Let's give them a shot at it; it can't hurt anything. Moving it anywhere doesn't make sense."

Mayor Tung said he had sent the AUC all the pertinent information, and phoned them after the meeting. "The distance followed the specs," he noted.

"We have done everything we can do," Coun. Yaremkevich said, add-

ing, "Her neighbours haven't said one word" about noise issues.

Had he been at the meeting, Coun. Buck said, "My only question would have been if she has had her hearing checked to see if she is particularly adept at hearing."

"After the last time we met with her, we didn't hear from her for two years," the mayor noted, which led him to think it was no longer an issue.

Regional Park

Elk Point Regional Park has been approved for \$2,666.50 from the Alberta Sport, Recreation, Parks and Wildlife Foundation's Municipal Recreation/Tourism Areas operating grant. The grant comes from the Alberta Lottery Fund and from private and corporate sectors.

By VICKI BROOKER
Review Staff

With almost three weeks until the date when potential candidates for town council can file their nomination papers, no less than seven residents have already indicated that their names will be on the Oct. 21 election ballot.

Incumbents Bernice Capjack, Dwayne Yaremkevich and Ron Fraess are all seeking another term on council, as is incumbent Eugene Buck, who made it plain that he would let his name stand for a council seat and was not planning to run for mayor.

Lawrence Pidluzny, who was on town council some years ago, and first-time candidates Debra McQuinn and Lorne Young have also indicated that they plan to run for council.

Taylor Cochrane brings home Nationals bronze

DOUG BASSETT
Review Sports

After 10 days, 14 games in two ball tournaments and traveling 6,026 km from coast to coast, Taylor Cochrane brought home a bronze medal from the U18 National Fastpitch Championships in Charlottetown, PEI.

Taylor started out her final days of minor ball in Richmond, BC with the Strathmore Thunder at the Western Canadian Midget B Championships. During the round robin the Thunder played six games. The Thunder started the tournament with two losses, two wins and two more losses were almost enough to get them into a tiebreaker situation; however they needed the Irma Tigers to win their final game to force a five-team tie with record of two wins and four losses. When the Tigers fell short, the Thunder's hopes of tiebreakers and finals were diminished and they had to settle for a fifth place finish in the tournament. With the Thunder done, Taylor boarded a plane in Vancouver on Sunday August 11, and 8.5 hours later she landed in Charlottetown, PEI.

Not much time to rest, before she suited up with the Calihoo Erins for a noon game on Monday, August 12 to begin their attempt at a national championship. The Erins played six games over the next four days, winning two and losing four, relegating them to the consolation round where they faced Nova Scotia, winning 5-2. This win pushed them into the semi-final game against Edmonton's River City Hornets, losing 2-0. The Hornets went on to win the gold medal game, giving the Erins the bronze medal. Although the Erins' record didn't show well, they had some

very good games; games that could have gone either way. They played a seven-inning game in one hour and lost 1-0 to the Smitty's Terminators from Manitoba. The girls played well defensively, but really struggled with the offense.

Taylor enjoyed her experiences with both teams during the 10 days, and has made some good friends and wonderful memories. Even though

her minor ball career may be over, she will still have ball in her future. Her plans are to play Junior A ball next spring and summer with a team not yet decided and then she will continue her passion in the United States as she has been offered a scholarship to play ball and begin her post-secondary education in the field of Athletic Therapy. We wish her all the best in her future.

Tea, but no walk this year for Grandparents' Day

VICKI BROOKER
Review Staff

Grandparents' Day, coming up this Sunday, Sept. 8, will be celebrated with a tea that afternoon at 1:30 p.m. at Heritage Lodge.

However, the Grandparents' Day Walk-a-thon that has been a bright spot on Elk Point's September calendar for a number of years will not take place this year, due to organizational issues.

Pledges gathered by walkers in the past went to support the Seniors' Recreation Centre util-

ities, the operation of the handi-bus and support for African grandparents raising grandchildren orphaned by AIDS. This latter donation was made through a foundation in Drayton Valley, which is

now able to cover only their local area.

Anyone wishing to make donations toward the handi-bus operation may do so at the tea, however, no tax receipts will be issued.

Capsule Comments

by Your Natural Choice Apple Drugs pharmacist, Seyi Oyebo

- We all know that smoking is bad for our health. It has been shown that middle aged men who smoke show a more rapid decline in brain function as they age compared to men who don't smoke. So here is another active step male smokers can make to reduce their risk of Alzheimer's and other dementias. Quit smoking.
- If you have children, it's good to have a digital thermometer in the house to take their temperature when they are ill. The advantage of the new digital units is that they can record temperatures in the mouth, armpit or rectum in under a minute. The old mercury-filled thermometers are no longer recommended. The ear thermometers are not recommended for newborns.
- It's always interesting when research is done on a certain food and its effect on disease. Some good studies have shown a reduction in the risk of getting Parkinson's Disease when people eat peppers 2-4 times a week. No one is quite sure why but making them part of your diet can't hurt.
- Vision problems in the elderly can affect how medications are taken. Tell your pharmacist if you have problems reading the prescription labels on your medication. There are ways of making the printing larger or dispensing the medications in special packaging.
- We have many ways of helping you to take your medications safely and accurately. Talk to our pharmacists for advice.

EDITORIAL

To grandparents

Today we offer a toast to all of our readers who are grandparents. Whether you are just approaching middle age and are enjoying your new status as a grandparent, or edging toward your hundredth birthday with a large array of grandchildren, greats and maybe even great, greats to your credit, this coming Sunday celebrates you.

Grandparents are sources of unconditional love, wisdom gained by experience, and a surprising amount of understanding of how young people feel.

Thank you, grandparents, for making the world a better place for the generations that follow you.

Way Back When...

Taxes, trophies, top marks

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND THE ELK POINT REVIEW FOR THE WEEK OF SEPT. 3 IN...

1988

Participants in Kehewin Intercultural Days Parade celebrated their heritage with a series of beautiful floats, proudly marking past achievements and their present growth of services and businesses in their community. Town of Elk Point ratepayers were slow in paying their taxes, with administrator Pat Vincent reporting only \$431,000 of \$711,000 in taxes paid as of Aug. 29, with penalties to be added on to taxes still unpaid before Sept. 1.

1993

Twenty-nine hospital employees, board members, Auxiliary members and friends of Elk Point Hospital, plus one last-minute recruit, pedaled around town on a bicycle built for 30, raising over \$3,000 for the Heart and Stroke Foundation. Ed Soldan was named the 1993 Elk Point Men's Golf champion., Clem Johnson won the men's first flight, Pearl Bepalko the Ladies' Championship, Mark Woytkiw the Youth Championship and James Yake the Junior Championship.

1998

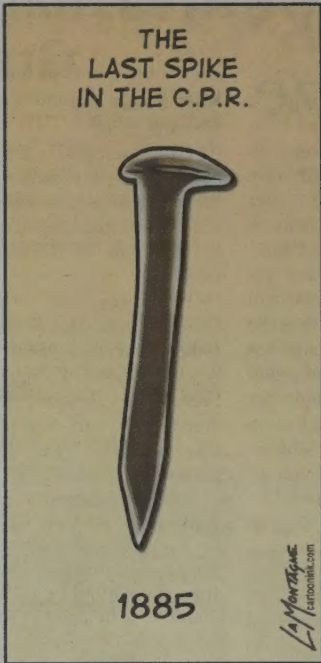

Two of three High Point awards at the Charlene G. Baker Memorial Horse Show went to Elk Point riders, with Jamie Schnurer edging out Ashley Larson by a single point for the Junior award and her younger sister Danielle finishing two points ahead of Kelsey Crooks in the Youth section, while Kim Eremko won the Senior High Point. County of St. Paul Reeve Ray Danyluk announced that all present members of council would be seeking re-election on Oct. 19.

2003

F. G. Miller's Class of 2003 has more glory to remember than any other class in the school's history, with the highest average marks ever and the most distinguished guest - Lt. Governor Lois Hole - imparting wisdom and humor as the guest speaker at their commencement exercises. Thirty students were part of the ceremony, with valedictorian Eva Gusnowski wishing her classmates well as they went out into the world.

2008

Signage was at the top of town council's agenda, with work underway on site preparation for the new welcome sign at the north end of town and economic development officer Bob Bezpalko reporting that he was working on signage for the industrial park. Elk Point grandparents would once again offer help to their African counterparts through the pledges they raised for the Grandparents' Day walk-a-thon, with a third of that total going to help those raising AIDS-orphaned grandchildren in Tanzania.

GUEST COLUMN

School days

Today, Tuesday, Sept 3 is the first day back to school for out youth. To everyone involved in the education system - teachers, students, administrators, assistants, etc., etc., we the members of the community wish you all the best today and in the days ahead.

Yes, the education system and the process of education involve many people. This reminds me of a story. There was a man in a hot desert who sees a fountain at the top of a hill. With great effort, he climbs the hill and receives the life-giving water. What saved him? Was it the climb or the water? The answer, of course, is that they are both essential. To compare this story to the education system and education process, the story shows that one person or one process by itself does not bring about the desired result.

Speaking of education, learning and involving more than one factor, I found another story about using what you know. It is called 'The Wayside Chapel.'

An English lady, while visiting Switzerland, was looking for a room and asked the schoolmaster if he could recommend one. He took her to several rooms, and when everything was settled, the lady returned to her home to make the final preparations to move. When she arrived home, the thought suddenly occurred to her that she had not seen a W.C. (Water Closet - toilet) around the place so she immediately sent off a note to the schoolmaster asking if there was a "W.C." around. The Swiss schoolmaster was a very poor student of English, so he asked the parish priest if he could help him with the matter. Together, they tried to discover the meaning of "W.C." The only solution they could find was the letters "W.C." meant Wayside Chapel, so the schoolmaster wrote the following note to the lady:

"Dear Madam: I take great pleasure in informing you that the "W.C." is nine miles from the house. It is in the centre of a beautiful grove of pine trees, surrounded by beautiful grounds. It is capable of holding 229 people, and it is open Sundays and Thursdays only. As there are a great number of people expected during the summer months, I would suggest that your ladyship come early, although there

is plenty of standing room. This is an unfortunate situation, particularly if you are in the habit of going often. You will, no doubt, be glad to hear that a good number bring their lunch and make a day of it. Others, who can afford to go by car, arrive just in time. I

would especially recommend that you go Thursdays, when there is an organ accompaniment. The acoustics are excellent, and even the most delicate sound can be heard everywhere on the grounds. It may interest you to know that my daughter was married in W.C., and it was there that she met

her husband. I can remember the rush for seats that day. It was wonderful to see the expressions on the faces of the people attending. The newest attraction is a bell donated by a wealthy resident of the district, who has spent many happy hours there with his family and friends. It rings forth every time a person enters or leaves the W. C. AA bazaar will be held there in the near future, to provide plush seats for all, since their absence has been a felt need. My wife is rather delicate, so she can't attend regularly. It has been almost a year since she was last there, and naturally, it pains her a great deal not to be able to go there more often. I will be delighted to reserve the best seat for you, if you wish, where you will be seen by all. For children, there is a special time and place, so they will not disturb their elders. Hoping to have been of service to you, I remain, Sincerely yours, The Schoolmaster."

That story is about a time when our today 'rest room' was an outhouse located someplace outside of the main house. However, the use of abbreviations is a modern day occurrence. We tend to use abbreviations because they are short, to the point, and we assume that others know what they stand for. For example, when I write this article: "From the FCSS desk..." I am assuming you all know what FCSS stands for (Family and Community Support Services). However, to all our students and teachers, just in case someone mentions an abbreviation of letters to you, remember to ask, if you don't know for sure, what the letters stand for. After all, education involves asking and listening to make understanding possible. Happy first day of school, everyone!

4-Hers show in Olds, Calgary

By ROY AND HEATHER TYMKO
Elk Point 4-H Beef Club

Three members of the Elk Point Beef Club, Kailey Wirsta, Lexi Wirsta and Heidi Tymko, attended the Provincial 4-H Beef Heifer Show and Summer Synergy, both held in Olds, AB, from July 8 to 12. Kailey and Heidi had a heifer and mature cow calf each while Lexi used Kailey's bull calf for her peepee classes.

We started with team marketing the first day and Kailey and her team got Reserve Junior Marketing.

The next day we had team grooming Heidi and Kailey were partners and made it to the finals. They then had beef judging, all the classes were oral reasons. We had to judge bred heifers, cow-calves, and bull calves. That night was the King of the Grill contest. Heidi and her team got second in King of the Grill.

On July 10 was showmanship and show team judging. Kailey made the finals in showmanship. Kailey and Heidi were partners for show team judging. Heidi was the judge and Kailey was the ring man. They did very well. In the evening there were the heifer calf and bull calf classes for the provincial heifer show. Heidi showed her Angus heifer calf and got third in her class.

They members started off July 11 with multi judging. They judged bred heifers, cow calf pairs, dairy heifers, market sheep and hay. After this they had the provincial heifer show confirmation classes. Both Heidi's and Kailey did well with their heifers and cow calves.

Elkdom... the Right Place to Be!

By LAWRENCE PIDLUZNY
Elk Point BPO Elks

On Tuesday, Sept. 3, at 7 p.m., Elk Point Elks Lodge No. 460 will be resuming monthly supper meetings after the usual summer break. We, as always, wish to attract new members with new ideas in an effort to help maintain our Mission Statement, "To be a national, fraternal, and charitable organization

Seniors, mark your calendars!

By LIBRARY STAFF

Elk Point Municipal Library is getting back to the regular schedule, and will soon be starting all the regular programs.

The first Seniors' Tea of the season is slated for Wednesday, Sept. 11 at 2 p.m. Everyone welcome!

promoting and serving community needs through local lodge volunteers." and our Vision: "To be the most progressive family focused organization in Canada, meeting community and member needs and expectations."

Our 2013 projects so far have included donations of \$200 to the Institute for Stuttering Treatment and Research (ISTAR), Edmonton, \$250 to the Elk Point A. G. Ross Operating Committee in remembrance of past member, Marshall Morozuk, \$200 to the Elks and Royal Purple Fund for Children for the Grand Exalted Ruler's visit, and \$350 to the same in memory of past member, Phil Sheplaw, to the Canada Day Committee \$400, Salvation Army \$250, Elk Point Minor Ball \$500, Jodi Kalynchuk \$400 in the form of the Steve Kuziw Memorial Scholarship, Tia Lowry,

the \$1000 Elmer Bjornstad Scholarship, Haying in the 30s, \$250, \$300 via the CN Miracle Match campaign to the Stollery Children's Hospital fund and \$1000 to each of two recent fire victims in our area. If your non-profit community group or some local individual or family in need could use assistance, you may write to P.O. Box 203 here in Elk Point, and we will endeavour to help.

We continue to operate the Elks Wilderness Park at Kehewin Lake, and maintain the Outreach School building. Some of our members are considering a fundraiser to build a skateboard park here in Elk Point. We do enter a curling team during the regular season along with other activities. Again, we are always on the lookout for new community projects and activities.

jects and activities.

Some of our more social functions this year included a Grey Cup Pool and Social, Fish Fry, Pub Night - Quiz Night, and Spring Barbecue. As well as a charitable organization, we do try to satisfy the social aspect of working together. If you wish to join our Elk Point Elks Lodge #460 team, please call our President, Randy Ballas at 780-724-4294 or Secretary-Treasurer Lawrence Pidluzny at 780-724-4339.

IN MEMORIAM

SERNIAK, Sheena Dawn
Oct. 19, 1985-Sept. 9, 2002

At night when I fall asleep
She is all I dream of
The one who always has my heart
My angel from above
I want to hold her in my arms
Comfort her when she weeps
Be there to tuck her in at night
Then gently kiss her cheek
I want to tell her sweet dreams
Before she lays her head to rest
Then whisper softly in her ear
"To have you, I'm truly blessed"
I want to be able to love her
Prove to her that she's my world
Then I wake up crying tears
Because I'm without my little girl
My days without you hurt so bad
I still love you to the moon & back
And every day till we meet again
I'll wish I had you here with me.

Love - Dad

IN MEMORIAM

In Memory of Mr. Mike Habiak

April 12, 1924 to
September 3, 2003

Lovingly
remembered
by your family

CARD OF THANKS

Card of Thanks
SOLDAN, Evelyn Eileen

The family of Evelyn Soldan wishes to thank all those who paid visits, contributed food, sent flowers, cards, letters and expressions of sympathy, and made donations toward cancer research.

4-H Beef

(Continued from Page 5)

Heidi placed fifth overall in the intermediate category and Kailey placed third overall in the junior category for Provincial Heifer show. That evening, we attended the awards of excellence banquet where the Alberta Minister of Agriculture gave some words of inspiration in a speech.

The Summer Synergy conformation classes were held on Friday, July 12. Heidi was named the Reserve Champion with her mature Angus cow calf pair and in the All Other Breeds category, Heidi got grand champion female with her Maine Anjou heifer Miss Fighting Irish. Kailey also had a breed champion in the Hereford Division with her mature cow calf pair. The Premier of Alberta, Allison Redford attended the Parade of Champions.

With their wins, Heidi and Kailey both won a trip to the Calgary Stampede to display their champion females. The next morning they loaded the show cattle at 5 a.m. to go to Calgary. The heifer and cow calf pair arrived around 6 a.m. at the Calgary Stampede grounds. All the grand champion females from each breed were on display. What a fantastic experience we had!

The Elk Point 4-H Beef Club will be attending the Information Night on Sept 3, at the Allied Arts Center if you have any questions about joining our club. Hope to see you there.

Heidi Tymko won Grand Champion in the All Other Breeds category with her Maine Anjou heifer, Miss Fighting Irish.

Kailey Wirsta shows her Grand Champion Hereford Female cow-calf pair, with Lexi Wirsta showing the

Injuries in ATV crashes.

SGT. D. CASEY

Elk Point RCMP

At approximately 6:41 a.m. on Aug. 15 Elk Point RCMP and Emergency Services were called to a single vehicle quad accident in Frog Lake. A passenger was taken by STARS to Edmonton with serious injuries. The investigation continues, alcohol is believed to be a factor and charges are pending.

At approximately 11:28 p.m. on Aug. 24, Elk Point RCMP and Emergency Services were called to a single vehicle quad accident in Frog Lake. The driver and a passenger were taken by STARS to Edmonton with serious injuries. A second passenger was taken to the Bonnyville Hospital. The investigation continues, alcohol is believed to be a factor and charges are pending.

Impaired charges laid

At approximately 9:50 p.m. on Aug. 28, Elk Point RCMP were on patrol in Elk Point and observed a vehicle speeding along Railway Ave, the vehicle was stopped, the officer observed that the 19 year old male driver was impaired. He was arrested and charged for impaired

driving.

Few problems at Pow Wow

Elk Point RCMP, with the assistance of members from other detachments, patrolled the Frog Lake First Nations Pow Wow during the Aug. 22 to 26 weekend. A command post was set up on site of the Pow Wow grounds. The event was well attended and there were only minor problems reported. Frog Lake Security and the RCMP patrolled the grounds, where there was a zero tolerance for alcohol and drugs established by Chief and Council. Only a few people did not follow these rules and were escorted off the grounds for being intoxicated. A male from Cold Lake was arrested and charged for Possession of a Controlled Substance. Frog Lake Security did an outstanding job maintaining control of the event.

The Elk Point RCMP would like to thank Frog Lake Security for all their help. Strad Energy for their donation of a generator to use for the command post and Wozniak Bulk Fuels Sales for their donation of fuel.

Baseball

(Continued from Page 3)

Incredible season

Colin Nazarchuk has also had an incredible season of baseball. After being scouted by the coaches of the Okotoks Dawgs AAA Bantam Black Baseball team, Colin was able to join them in April after hockey season ended. And what an experience it was! The Dawgs finished first in their league and during the season they also played tournaments in Okotoks, Richmond, BC, Saskatoon, SK and Kamloops BC and after a silver medal finish at provincials, the team attended the Western Canadian Championship in Aldergrove, BC.

Colin billeted in Okotoks for the summer months to work closely with the Dawgs coaching staff and also so he could attend regular practices and all games in the south. He was also selected to play for Zone 7 for the Alberta Amateur Baseball Championship, which were held in Okotoks.

Northeast Panthers
Midget AA Hockey Tryouts
Friday, September 6, 2013
